SUNBEAM
CHILDREN'S CENTER
ST. THOMAS UNITED METHODIST CHURCH

Dear Parent,

This letter is to inform you that some students enrolled at Sunbeam Children's Center of St. Thomas United Methodist Church have a severe food allergy to peanuts/tree nuts. It is important that there is strict avoidance to this food in order to prevent a life-threatening allergic reaction. We are asking for your help to provide the students with a safe school and summer camp environment. Any exposure to peanuts/tree nuts may cause a life-threatening allergic reaction that requires emergency medical treatment. To reduce the chance of this occurring, we are asking that you do not send any peanut or tree nut containing products to the school or summer camp with your child that will be eaten in the building/school. This includes any foods for lunch or any celebration.

If your child has eaten peanuts/nuts before coming to school, please be sure your child's hands and face have been thoroughly washed before entering the school.

We appreciate your support and compliance of these procedures. Please complete and return this form so we are certain you have received this information. Please contact the office if you have any questions.

Sincerely,

Veronica McGuin, SCC Director

I have read and understand the peanut/nut free classroom procedures. I agree to do my part in keeping the school and summer camps peanut and tree nut free.
